Dear Carl:

We were very happy to get your letter inviting WCSR down to WMIT in the near future. We are very anxious to come and see your station. However, we find that it is impossible for us to come before February as Christmas vacation is arriving shortly and right after that we have our mid-year exams.

Thank you very much for your invitation and we will definately write to you early in February and set a date for us to come there or for you to come to Hamp.

Sincerely,

Saby Davis
Station Manager, WCSR
